Scheme for Promoting Young Talents in Science (SPYTiS)

KSCSTE funds science projects by school students and by polytechnic and undergraduate college students in Kerala, with a teacher as guide.

What you may get

SPYTiS-I gives up to Rs 5,000 to a group of at most 5 students of Class 8 to 12 for a science project. SPYTiS-II gives up to Rs 10,000 to polytechnic and undergraduate students with innovative ideas. The money goes to the host institution and projects last one year.

Who it is for

School students of Class 8 to 12, and students of polytechnic colleges and undergraduate courses in Kerala who have an idea for a science or technology project.

Main conditions

- For SPYTiS-I, you must be in Class 8 to 12 and work in a group of at most 5 students from one school.
- For SPYTiS-II, you must be enrolled in a polytechnic college or an undergraduate course.
- Students of professional courses cannot apply here. They apply under the Student Project scheme.
- You must work under the guidance and supervision of a teacher.

How to apply

1. Proposals are generally invited in June every year through the KSCSTE website and newspapers.
2. Download the SPYTiS-I or SPYTiS-II application format from the KSCSTE page and fill it in.
3. Submit the proposal through your school or college as the notice directs.
4. For questions, call 0471-2548314.
