Targeted Public Distribution System

Madhya Pradesh supplies foodgrain at a concessional rate to poor Antyodaya and priority families through the Targeted Public Distribution System.

What you may get

Eligible families get foodgrain at Rs 1 per kg. An Antyodaya family is entitled to 35 kg of grain in total, and a priority family to 5 kg for each member.

Who it is for

Poor families in rural and urban Madhya Pradesh whom the state has verified as Antyodaya or priority households, including BPL card holders.

Main conditions

- The family must fit one of the categories fixed by the Madhya Pradesh government for this scheme.
- The concerned department selects the beneficiary, and then the local body enters the family on the Ration Mitra portal.
- Children orphaned by the death of both parents due to Covid-19 are also named among the covered groups.

Documents

- Document that proves the family fits its category
- Copy of the Aadhaar of every family member

How to apply

1. Ask the local body which category suits your family: the municipal CMO in a town, or the Janpad Panchayat CEO in a rural area.
2. Give the category document and the Aadhaar copies of all family members.
3. Once the department selects the family, the local body makes its online entry on the Ration Mitra portal. No application fee is charged.
4. If the work is delayed, raise it through CM Helpline, Jansunwai, the DGRO or the Sub-Divisional Officer. The page gives 45 days as the time limit.
