# PM Mega Integrated Textile Region and Apparel (PM MITRA) Scheme

PM MITRA sets up seven large integrated textile and apparel parks with the States. Manufacturing units inside the parks can claim Competitiveness Incentive Support of up to 3 percent of eligible turnover.

## What you may get

An eligible unit in a PM MITRA Park can claim up to 3 percent of its eligible yearly turnover, within caps. Anchor investors have a cap of Rs 10 crore a year and Rs 30 crore in total, major investors Rs 5 crore a year and Rs 15 crore in total, and other investors or tenants Rs 1 crore a year and Rs 3 crore in total. Support is paid in the year after the claim year, and each park has a fund limit of Rs 300 crore.

## Who it is for

Textile and apparel manufacturing companies and units set up inside the seven PM MITRA Parks. Individuals do not apply; the unit's own legal entity applies.

## Main conditions

- The unit must be inside the notified PM MITRA Park and hold allotment, lease, licence or tenancy rights in its own name.
- It must manufacture eligible textile or apparel products in the park. Units that only trade or store goods are not eligible.
- The same unit or turnover must not receive support under the textiles PLI (Production Linked Incentive) scheme, and the unit must give a non-PLI declaration.
- It must have PAN and GST registration and keep separate books, production, dispatch and utility records for the park unit.
- Value addition must be at least 60 percent for textile manufacturing, and 30 percent for independent processing units.
- Each tenant or investor company has to give jobs to a minimum of 100 persons across 12 months, or 1200 person-months within one year.
