Raising and Accelerating MSME Performance (RAMP)

A World Bank supported Central Sector scheme of the Ministry of MSME that works through State agencies to improve MSME access to markets, credit and technology.

What you may get

RAMP backs MSMEs on technology upgradation, innovation, digitisation, market access, credit and greening through the States. Its sub-schemes include MSE GIFT, MSE SPICE, MSME TEAM and MSE-ODR for settling delayed payments. The scheme plans to benefit more than 5.5 lakh MSMEs between FY 2022-23 and 2026-27.

Who it is for

Micro, small and medium enterprises registered on Udyam. All Udyam or UAP registered MSMEs are eligible to take part in RAMP benefits.

Main conditions

- The enterprise must be a registered MSME on Udyam or UAP.
- RAMP runs through State agencies, so the support a unit can use depends on the projects and sub-schemes active in its State.
- Individual MSMEs take part through their State Government or its agencies.
